sliding doors - doors

Abitare è un linguaggio. Gli spazi di vita raccontano molto di noi, dei nostri desideri delle nostre abitudini. Racchiuse da preziose e sobrie cornici che delimitano gli ambienti in maniera discreta ed avvolgente, le porte Tema non sanno passare inosservate. Dotate di grande personalità sanno essere forti e delicate allo stesso tempo, solide ma anche raffinate. Porte che catturano e trattengono gli sguardi, protagoniste indiscusse dei vostri spazi di vita o di lavoro. Soluzioni perfette per chi ama vivere comodamente circondato da cose belle.

The language of design. A living space can tell you much about ourselves, our desires, our habits. The cool clear lines of Temadoors define spaces discreetly without fuss creating a strong but refined framework for your living or working space. The perfect answer for people who want to live in comfort surrounded by beautiful things.

foto scelta da te

Potete personalizzare la vostra porta richiedendo un vetro decorato con una vostra foto personale o scelta tra le tante immagini disponibili on-line. In questo secondo caso utilizzare immagini non coperte da diritti d'autore. In rete è possibile acquistare immagini a prezzi intorno ai 25 euro cad.; per esempio attraverso il sito www.istockphoto.com.

La qualità della decorazione dipende dalla definizione dell'immagine stessa che consigliamo almeno 2800-2900 x 4000-4100 pixel.

Consigliamo inoltre di spedire direttamente l'immagine su CD al nostro indirizzo :
TEMA s.r.l., Via Guazzi, sn. n° 61030
Tavernelle di Serrungarina (PU)

choose your own photo

You can customize your door with your own personal photo or you can choose from the many images available on-line, just make sure they are not copyrighted. On the web you can buy images at prices around 25 euros each; take a look at www.istockphoto.com for example.

*The quality of the decoration depends on the definition of the image that we recommend at least 2800 to 2900 x 4000 to 4100 pixels. Send your image directly to us on CD at our address:

finiture alluminio

argento opaco - piombo - nero - testa di moro

Finiture opache ottenute per anodizzazione conforme alle norme EN 12373, ISO 2370. La struttura della porta viene inoltre trattata con specifici prodotti al fine di risaltare la brillantezza e la luminosità stessa del metallo.

argento lucido - nichel

Finiture lucide ottenute per ossidazione anodica previa spazzolatura a lucido della superficie.

tinto legno rovere sbiancato

L'effetto legno si ottiene attraverso uno specifico processo di sublimazione che consente di ottenere riproduzioni estremamente fedeli alle caratteristiche tipiche del legno. La lavorazione consiste di due fasi ben distinte: verniciatura di rivestimento superficiale e sublimazione del rivestimento nelle essenze di legno desiderato.

bianco - bianco avorio

Finiture laccate ottenute per verniciatura con vernici antigraffio epossidiche in polvere e polimerizzate a forno. Su richiesta è possibile avere una vasta gamma dei colori RAL.

aluminium finishes

matt silver – lead – black - dark brown

Matt anodized finishes conform to the EN 12373rd, ISO 2370 standards. The door frame is then specially treated to enhance the brilliance and brightness of the finish.

polished silver – nickel

the polished finish is obtained by anodizing a previously brush polished finish.

bleached oak

The surface is first painted and then a film of wood finish is applied to ensure a faithful reproduction of bleached oak.

white - ivory

Lacquer finishes obtained by scratch-resistant epoxy powder coating. A wide range of RAL colours are available on request.
